A place where people want to work

Along with all Bloom warehouses, Bloom Poplar boasts a specification that has been designed to maximise operational efficiencies and wellbeing within the units whilst also ensuring that sustainability is paramount. An example of this is through the increased natural lighting within the units and ample PV panelling to the roofs.

As with all Bloom developments, Bloom Poplar will aim to achieve net zero carbon operation as well as EPC A+.

With a variety of unit sizes, we are able to offer individual units starting from 1,500 sq ft, to provide occupiers the opportunity to develop spaces that suit their business needs. Speak to us about our flexible space solutions.

Connecting you to the city & beyond

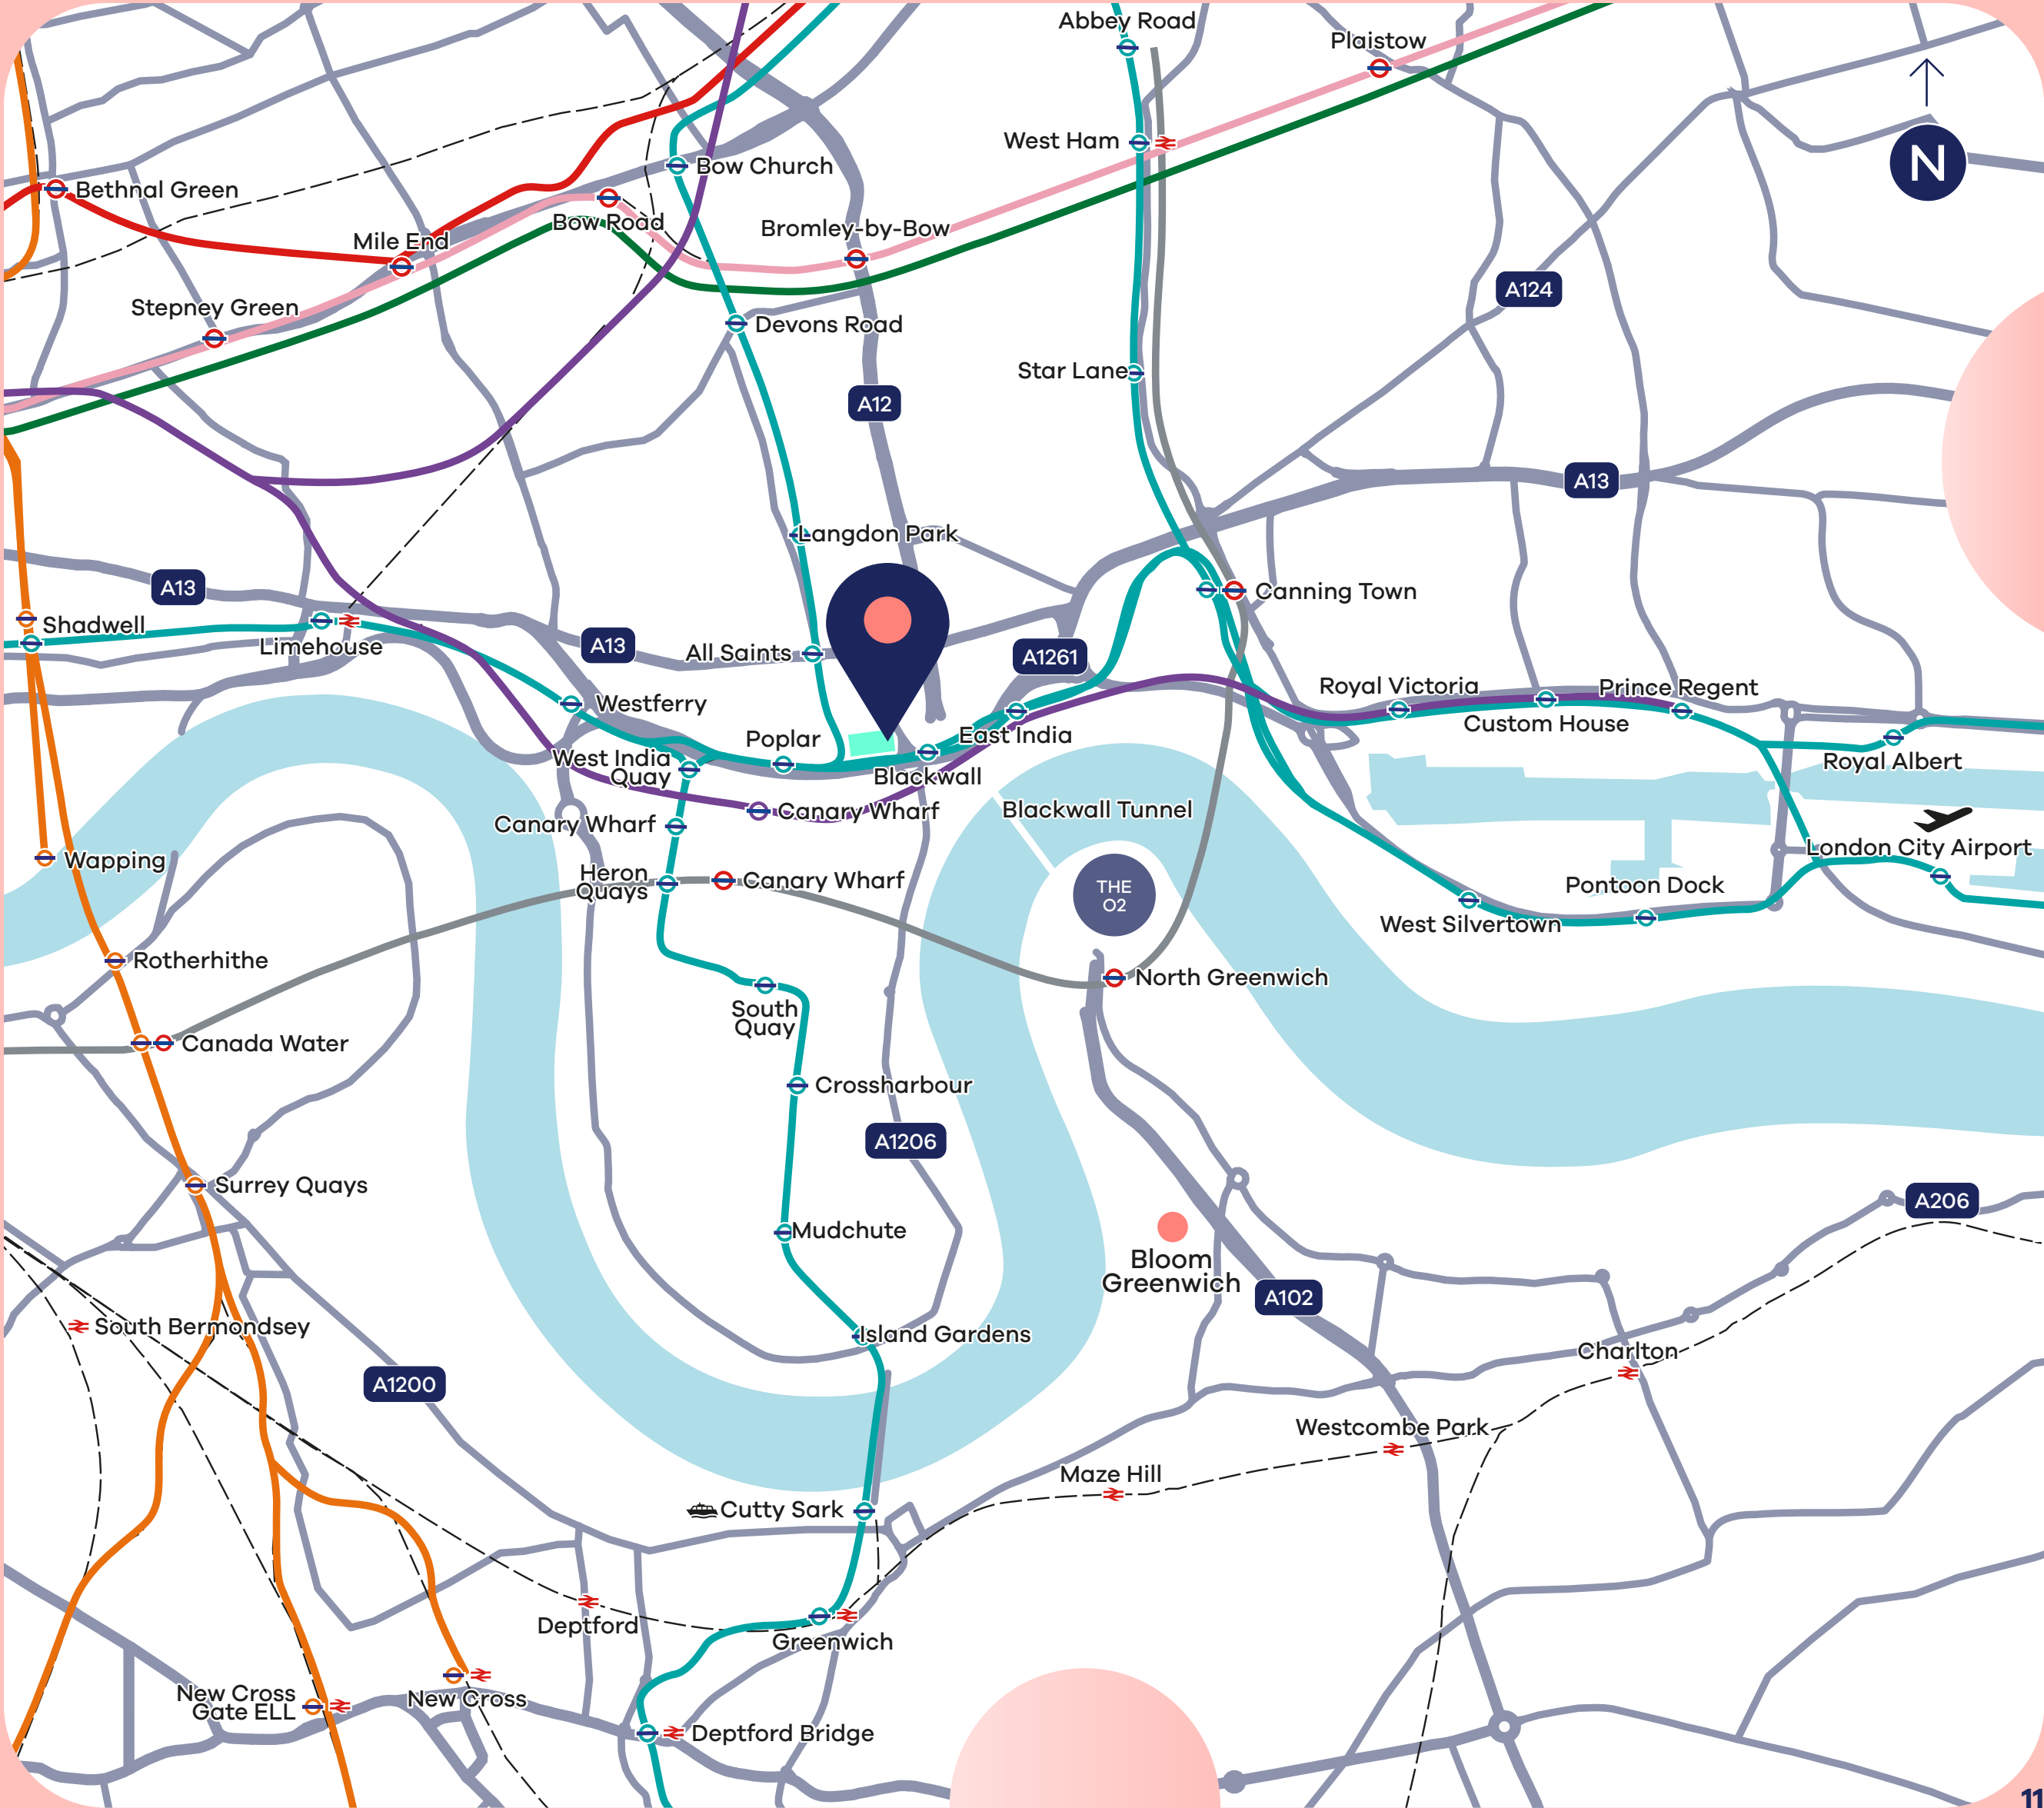

Bloom Poplar is positioned to take advantage of road, rail, air and sea. There are two DLR stations just moments from the site, and Canary Wharf is home to both the Jubilee Line and Elizabeth Line - these lines expand the nearby available workforce due to their rapid connections.

This along with the connections to A12 and A13 open up the site towards Essex and the wider East Anglia area. Plus, with the proximity to the Blackwall Tunnel, the site is then accessible to South London, Kent and beyond.

The docklands and London City Airport are also ideally located near the development, making international connections possible.
